C. E. KIMLIN AND HIS ASSOCIATES RETURN TO SANITARIUM FROM CAMP MEETING

Clarence Kimlin, manager of the Glendale Sanitarium, has returned from the Los Angeles camp meeting which ended Sunday night. While there he had charge of the cafe at which the multitude of attendants was fed and which averaged 1500 meals a day. He heaved a little sigh of relief in discussing the matter and said that running a well-organized sanitarium seems like child's play by comparison, although his cafe ran smoothly and satisfactorily; but when it is remembered that it had to be organized and stopped within ten days, it is apparent what a strenuous proposition it was. The tent was 110 feet long and seated 450 at a time. When asked how he got the help necessary, Mr. Kimlin said: "I pulled Mr. Johnson, our chef, here, out of the Sanitarium and took him with me. He is a splendid man at that kind of work. We had three cooks. Our pay-roll was $80 a day, or $800 for the ten days. It was in cafeteria form with double service by which we were able to serve 300 people in thirty minutes.

"The sanitarium had a nice four-room tent on the grounds with dressing-room, consultation room, waiting-room and treatment-room and in addition the staff had sleeping tents.

"I enjoyed it, but it seems nice to get away from the sawdust and dirt and onto floors again. My little girl said: 'I am so glad to get home. There was too much Sabbath School there for me. I like Glendale Sabbath School better.' "

Relative to sanitarium matters, Mr. Kimlin said: "We have plans for moving the girls' dormitory here on the grounds and putting in some sleeping porches. The expense has been estimated at $6000 and we are securing the money for it by donations.

"A new nurses' class is just starting with an enrollment of 15 to 20. Mrs. J. W. Harris is now superintendent of nurses in place of Miss Daisy L. Harding.

"Dr. Westphal will go away before long for post-graduate work in surgery in New York."

DANCING CLASS

The fourth season of Miss Edith Lindsay's dancing class will begin Saturday, September 6th, at 2 p. m. in Knights of Pythias Hall, Brand Blvd. and Park Ave. Miss Lindsay's work is well known in Glendale for its artistic quality. Entirely new work has been arranged for this season, with special work for children from four to six years of age, and advanced work for pupils who are capable of taking it, and many interesting parties in which all will participate. Visitors are welcome to all classes.

LAUNCH PARTY

NELSONS AND TUPPERS JOURNEY TO CATALINA ON THE "LOTTA"—BIG FISH CATCH

Mr. and Mrs. Wallace Tupper and Mr. and Mrs. Herman Nelson journeyed to Catalina the first of the week on their launch "Lotta." They fished all the way and had a big catch, among other fish getting a tuna that weighed 180 lbs. Mr. and Mrs. Tupper returned Wednesday by steamer leaving the launch for the use of the Nelsons during their stay.

HERE TO STAY

Mrs. Anna Hartley and her two grandsons, who have just arrived from Lansing, Mich., are guests at the Sanitarium while they are looking for a house to rent. They were here four years ago and liked Glendale so much they have come back with the expectation of making their home here. After they had spent a winter or two in Michigan following their sojourn here, Southern California's climate seemed pretty nice to them.

MORNING WEDDING

MARRIAGE OF LOIS DUNCAN AND JOHN CATE CELEBRATED WEDNESDAY FORENOON

The home of Dr. A. M. Duncan on South San Fernando Road was a scene of beauty Wednesday morning in the floral setting provided for the marriage of his daughter, Miss Lois Duncan, to John Cate, son of Mrs. Ella Cate, of this city. Large, pale pink asters were lavishly used in the carrying out of a pink and white color scheme which dominated the decorations.

At 10 o'clock the assembled guests were made aware by the strains of the Lohengrin Wedding March, played by Miss Hazel Green, of Pasadena, of the approach of bride and groom to a bower of greenery where the officiating clergyman, Rev. O. P. Rider, awaited them. Music, softly played, furnished an accompaniment for the exchange of vows, and for the congratulations which followed the marriage rite.

The bride was lovely in her gown of white satin, veiled with daintily beaded white Georgette over which fell her wedding veil crowned with orange blossoms. Her bouquet was of white rosebuds with shower of tulle and tiny pink Cecil Brunner rosebuds. Miss Carol Duncan, her sister, was bridesmaid, beautifully gowned in rose-colored Georgette, also beaded, and carrying a shower bouquet of pink rosebuds and maidenhair fern. Gilbert Cate, brother of the groom, was his attendant.

At the wedding breakfast the same color scheme was carried out, the bride's table being decorated with festoons of tulle and smilax suspended from the chandelier, and centered with a handsome bride's cake.

After the bride had exchanged her wedding gown for a navy blue tailored suit with hat to match, the young people left for San Diego amid a shower of rice and good wishes. On their return they will be at home to their friends in an apartment in Los Angeles, where they will be able to enjoy the many beautiful gifts of which they were the recipients, among which were cut glass, linen and silver in many forms including a full set of knives, forks, spoons, etc.

About fifty guests were present, all relatives of the bride and groom or close friends.

Mr. Cate is connected with the Lichtenberger-Ferguson Co., wholesale leather merchants of Los Angeles.

LIEUT. R. C. LANE

GETS HOME TO GLENDALE FROM OVERSEAS AFTER 15,000 MILE JOURNEY

Lieut. Richmond C. Lane of 120 West Doran street reached home Wednesday noon after ten months' service overseas. When he granted a brief interview the same afternoon he stated he had traveled over 15,000 miles in the past month and is so travel-worn he can hardly collect his thoughts in orderly fashion. Just before he reached Glendale a citation for bravery and efficient service signed by General Pershing arrived at his home and was awaiting him as a testimonial of appreciation of good work. The lieutenant is a physician and served in the army hospitals. He was also given a special detail which took him to nearly all the countries of Europe which were engaged in the conflict. He has therefore had exceptional opportunities for observing conditions and the temper of the people.

Some very definite ideas have grown up in his mind relative to the place America should occupy among the nations of the world. He confirms the oft-repeated declaration that American forces were the balancing power that turned the scale, but he thinks it should end there and that the United States should keep out of European politics and entanglements. France and England cannot do this, but the lieutenant doctor seems to feel that the United States can and should maintain a certain aloofness. He says he has the data to back up his arguments when he can get his breath and present them. He is delighted to be at home.

MOVEMENTS OF McGEES

R. M. McGee, the dry goods merchant on East Broadway, and Gus A. Rapp, both of whom are members of the Sons of Veterans, are leaving Sunday for the great National G. A. R. Encampment at Columbus, Ohio. Mr. McGee has not taken a vacation in a long while and expects to have a very good time. He is not worrying about his business which will be completely supervised by his wife and daughter in his absence.

PRESIDENT EXPLAINS AND DEFENDS TREATY

DECLARES ARGUMENTS AGAINST IT ARE BASED ON MISUNDERSTANDINGS WHICH WILL BE CLEARED UP

(Special Service to Glendale Evening News)

COLUMBUS, Ohio, (Memorial hall), September 4.—President Wilson, making the first speech of his tour here today on behalf of the league of nations, declared that some nation will make a new effort for conquest as soon as it recovers from the war unless the United States ratifies the peace treaty including the League of Nations. He further declared that the league is the "only safeguard against more wars." He emphasized his contention that ratification is necessary if the United States is to make good its promise to the soldiers called to fight, to end all wars. He declared his belief that he knows the hearts of the American people better than do the foes of the treaty. Speaking more like a lecturer than an orator he outlined in detail the racial and national lines in Europe which are said to have always been a fertile cause of war and declared that the treaty rectified many of Europe's old wrongs.

He set forth that the "treaty contains among other things the magna charta of labor, unheard of until this interesting year of grace." Referring to the international labor conference, he said: "Let me tell you that conference will meet next month in Washington whether the treaty is ratified by that time or not."

He asserted that the treaty ends the "criminal traffic" in opium, in arms, in women and children by unscrupulous employers. "That's the treaty!" he exclaimed thrusting out his hands, palms upward. "Did you ever hear of it before? Were you ever told what was in it? If I couldn't have brought back the kind of a treaty I did bring, I wouldn't have come back because I would have been an unfaithful servant."

He declared that the arguments against the treaty are based misunderstandings, and concluded: "When the treaty is accepted, as it will be accepted, the men in khaki will not have to cross the seas again."

The audience listened quietly with only occasional applause. The president was given a great ovation when he entered the hall. He had arrived at 10:57 and seemed in high spirits. When the train stopped at the town of Dennison, enroute to Columbus, some one shouted: "Dennison voted against you last time but we'll vote for you in 1920." The president shouted back, "Oh no." Some who heard thought the answer was intended to be a damper on third-term talk. When the president left Memorial hall the combined efforts of police, soldiers and boy scouts were necessary to hold back the cheering crowds.

FEDERAL CONTROL OF MEAT INDUSTRY

SUGGESTED IN A PLAN RECOMMENDED TO PRESIDENT BY AMERICAN LIVE STOCK ASSOCIATION

(Special Service to Glendale Evening News)

WASHINGTON, September 4.—The market committee of the American Live Stock Association has written President Wilson outlining a program for relief from the high cost of living. The communication recommends placing 200,000,000 acres of public grazing land under federal control to encourage the increase of meat production; the immediate completion of a federal survey of the meat situation showing the cost of meat production from farm to consumer; and the enactment of legislation looking to federal control of the meat industry.

PARIS, September 4.—Serbian and Rumanian peace delegates said today that their countries would probably reject the peace treaty because the guarantees it gives for racial minorities impair their Balkan interests.

BOYS EXPLAIN

LANGLEY MEREDITH AND HUBERT McCANN MAKE STATEMENTS IN AUTO CASE

Referring to the article in the Evening News of Tuesday, September 2d, headed "Foils Boys' Plan," Langley Meredith and Hubert McCann voluntarily appeared at the office of the Evening News Wednesday morning, September 3d, and made statements as follows:

Langley Meredith

We came out of the show Saturday night about 9 o'clock and nearly reached the corner of Wilson and Brand on our way home. We were deciding whether to come back to Findlay's store or not, when a man who had walked over to the car and then back to us, spoke to us and asked us if we could drive a machine. I told him "yes." He asked if we would drive his machine around the corner for him. He said that it was unlocked and that he had to go down to the corner and would be right back. So we got in and I killed the engine several times before I could start. I then drove it around the corner on Wilson avenue. I was just ready to turn in to the curb when the engine went dead and Mr. Maag came up and asked us what we were doing there. We told him we were driving it around the corner for a man and he told us the front wheel was locked and was dragging. He then asked us to go up to the police officer at the corner of Brand and Broadway.

We noticed as we were crossing the street with the car that the car jerked and I thought it was out of gas or hard to steer because I had not had much experience in driving. We did not need to steal an auto to get a ride. Hubert's father has two machines and Hubert then had the key to his father's machine and his permission to drive it at any time. We both get plenty of rides and any statement to the effect that we were trying to get away with an auto is untrue.

LANGLEY MEREDITH.

Hubert McCann

We came out of the show on Saturday night after the first picture of the second show and went into the Findlay ice cream parlor. We got some ice cream and came out, walking down toward Wilson avenue on the way home on the same side of the street as the show. Earl Johnson, a friend of mine, was with us and Lang wanted me to go back with him to Findlay's. Earl didn't want to go, so he decided to go on ahead slowly and I would catch up with him. I was still undecided whether to go back with Lang and while we were talking a man came up behind us and passed us walking toward the machine and was ready to get in, then came back to us and spoke almost directly to Lang and asked if he could drive a car. Lang spoke up right away and said "Yes." He told him it was unlocked. Then Lang went forward and got into the machine and started the engine. I came on and got on the running board and Lang started to back up and I got in and sat down beside him. He had trouble with the gears and wasn't sure he had them in right and I told him he was doing it right. He backed out facing Broadway and turned a complete circle across the street starting over towards Wilson. The engine stalled —two times I think, on the way across, I am not positive as to that, Lang being an inexperienced driver. He turned east on Wilson and was swinging in toward the curb and was having trouble with the engine. At that time Mr. Maag came running up and as he arrived the engine killed and he asked us what we were doing or where we were going or something to that effect, and Lang said that a fellow asked him to take the car around the corner for him, and Maag said: "Your front wheel is locked." We both got out and found the front wheel was locked with a chain. Maag then said: "Come on up and we will talk this over with an officer." We went up to Maguire and he came back to the machine with us and inspected it and we waited until the owner, Mr. Watkins, came out of the show. We were very much surprised when we found the front wheel was locked as the man had told us it was unlocked, and we did not dream it was locked. I told Mr. Maag if I had stopped to think I would not have gotten in as I would have realized it was a bluff; but it all came so quick I did not think I was dealing with an auto thief, especially when he said it was unlocked.

I carry the keys to my mother's touring car which I can have any time and also have free access to my dad's car, so if I wanted a car I had two of my own I could have gotten without any trouble had I wanted to take a ride. Lang can go with me any time he wants to. We are together all the time and he would have no occasion to steal a car for a joy ride.

F. HUBERT McCANN.

SHOULD HAVE PARKS

REV. SCOTT IMPRESSED WITH NEED WHILE VISITING EASTERN CITIES

Blue Ridge Mountains,
West Virginia,
August 28, 1919

Editor Evening News,
Glendale, Calif:—

My Dear Editor:—For some days past I have had a growing inclination to write you regarding a matter which seems to me important, namely, parks for Glendale. In crossing the continent, I have visited many cities small and great, and everywhere have noticed the large number of fine parks. Constantly my mind has turned back to the rapidly growing little city which has the finest artistic possibilities of any city in that lovelest corner of our country, Glendale, without a park.

I am not particularly interested in where the parks should be located, but buildings are going up very rapidly, and if I do not miss my guess they will go up more so throughout this Fall and Winter, and available park sites are rapidly disappearing.

A park policy should be framed and land secured before it becomes unavailable. Even if the improving the parks must wait on immediately necessary things, securing the ground should not wait.

I know that some of our fine people think we should not consider the park question now, and among them my esteemed friend, Ezra Parker, who is always for Glendale. But I have just come from a beautiful city which has repented such an early policy with many big round silver tears.

At Dayton, Ohio, Dr. D. F. Garland, Director of the Welfare Department, told me among other things, that in 1912 the city had twelve acres of parks under cultivation. It now has 520 acres and a bond issue is proposed of $275,000.00 for additional public playgrounds.

Glendale must have her parks. The time is now.

Respectfully,
CHAS. H. SCOTT.

MOVED HERE FROM WYOMING

Mr. and Mrs. J. F. Hunt have just moved to Glendale from Laramie, Wyoming, and are living at present with Mrs. Hunt's parents, Fred Goetz and wife, who came, three months ago, from the same place and built them a home at 129 West Windsor Road. They will build later. Fred Goetz is a brother of John, who has lived at 721 South Brand for several years.

LIMIT IN DOVES

FOUR MEN IN LABOR DAY HUNTING PARTY GET FIFTEEN DOVES APIECE

Mr. and Mrs. Harry MacBain, Dr. Luccock, Mr. and Mrs. Wulff and Mr. and Mrs. Tracy motored to Perris on Labor Day. They took their guns along and practiced on doves proving such excellent marksmen that they got the limit allowed by the law, or 15 doves each. Mr. MacBain says that is the biggest piece of news that has happened in his neighborhood for some time.

THE LURE OF CALIFORNIA

The lure of California operates very much like the force of gravity which increases as the square of the distance. A good illustration is afforded by the case of Mr. and Mrs. Allen McDaniel who came to Glendale from Missouri about four months ago. They have been very much delighted with our summer climate and now are preparing to welcome four relatives, Rev. and Mrs. McGlothlan, the parents of Mrs. McDaniel, and Mr. and Mrs. C. E. Birkel, her sister and brother-in-law who are expected to arrive from Savannah, Mo., next Sunday to make a new home in Southern California. The McDaniels have bought property on East Harvard.

MOVES TO GLENDALE

H. J. Sherwood, who had been living in Los Angeles for the past ten years, finally succumbed to the charms of Glendale and moved out here, locating at 357 West Broadway, and one of his first acts was to order the Evening News as a regular visitor to his home. He is in the real estate business.

EDUCATION IN SCHOOL

A teacher of long experience recently remarked that the most ignorant children she had to deal with came from the two social extremes—from homes in which the mothers had to be away from home working, and from those in which the mothers were so busy with society that they had little time for their children. The point of this remark is that an essential part of the ordiniary child's education must be done in the home, says Kansas City Star. With this part missing, the school is under a severe, often fatal, handicap. Many families act on the assumption, although they may not express it, that the school alone is responsible for the children's education. They assume no responsibility in the home. They make no effort to see that the children have a chance to become interested in good books. They do not regard the educational possibilities of intelligent conversation at the dinner table.

COUNTY TAX RATE FIXED

By Jonathan S. Dodge, Chairman, Board of Supervisors

The County tax rate for the year 1919-20 has been fixed at 64½ cents per one hundred dollars of value. This rate is practically the same as that of the year 1915-16, when the rate was fixed at 64 cents on the hundred dollars.

The rate this year is an increase of 14½ cents over the rate of last year, but the increase is made up of items necessary to be incurred during the coming year.

One of the largest items of increase is $400,000.00 for highways and bridges, more than one-half of which sum is to be spent in construction of a Harbor Truck Highway to be used for heavy hauling between Los Angeles and the Harbor.

The largest increase in cost will necessarily be found in the Department of Charities and Corrections, where a number of new buildings are to be constructed. In addition, the cost for the care of dependents has been greatly increased by the high cost of materials, so that this department alone will call for the expenditure of at least half a million dollars over and above the expenditures of former years.

It was imperative that there should be an increase in salaries and wages, and of course this was covered in the additional levy.

The levy for flood control last year was 2 cents on the hundred dollars, but this year will have to be increased to 6 cents on account of the payment of interest and sinking fund on the bonds already issued.

It was to be expected that there would be a heavy increase in the rate for schools, not only on account of new laws passed by the Legislature, but on account of the increase in teachers' salaries.

It is to be hoped when business returns to normal that the rates of taxation will be reduced along with the prices of other commodities. The taxpayers can rest assurred that every dollar levied will be properly expended, and a very large proportion of the amount will be used for permanent and lasting improvements.

No item of expense produces larger or better results than the amount paid for taxes and no county in the state has a lower county rate of taxes than Los Angeles County.

ADVERTISING CALIFORNIA FRUITS

According to the annual report of the California Fruit Growers' Exchange, that organization ranks among the largest advertisers of food products in America. In a normal year the amount invested by the Exchange in publicity equals half a million dollars.

The annual investment in advertising represents an assessment of less than 2½ cents per box on the shipments of oranges and grapefruit, and less than 4 cents per box on the shipments of lemons,—or, o nthe combined sales 0.577 per cent of the delivered value. Figured another way, the advertising costs only about one-fifth of a cent per dozen and may be said to pay for itself by the increased demand it creates.

During the last twelve months, the Exchange has utilized all major mediums of advertising—including magazines, newspapers trade periodicals, billboards, street car cards, moving pictures, window displays and mail literature. Approximately 75 per cent of the advertising appropriation was spent in these forms of direct publicity.

Nine of the largest national magazines were used and during the year a total of 62,000,000 copies of these periodicals carried full page "Sunkist" advertisements in colors. Newspapers, posters and street cards were employed at certain seasons or in particular localities to meet unusual conditions.

Approximately 10 per cent of the appropriation was spent in personal trade work, which was divided into three branches: (1) "sales scout" work for developing new business and improving the distribution of oranges and lemons; (2) educational work to assist retail merchants in increasing their sales of citrus fruits; (3) work on citrus fruit beverages to stimulate the sale of drinks made from the fresh fruit in soda fountains, hotels and elsewhere.

Early in the spring, an expert on beverages was added to the staff to carry on promotion work in the East among leading soda fountains, hotels and beverage establishments to further develop the use of fresh lemons and oranges in popular beverages. In order to obtain complete and authentic data for handling this work, two experimental beverage stores, selling orange, lemon and grapefruit drinks were opened and are being operated by the advertising department. The coming of prohibition, together with the severe and rapidly increasing competition from other soft drinks, as well as the need for increasing the consumption of lemons and Valencias during the summer months, gives added importance to the further development of this work.

The experience of the past 13 years has proved beyond question the value of advertising in increasing the consumption of citrus fruits, and placing the market for oranges and lemons more nearly on a year around basis.

The war has done much to warm the heart of humanity toward the world of animal life that helped to bring it to an end.

A BUM OUTLOOK

Little Betty, just initiated in the first teachings of Sunday School, has displayed especial interest in a future life.

"Mother, will I go to Heaven when I die?"

"Yes, if you are good."

"Will my dog go, too?"

"No, because dogs have no souls."

A pause, then, eagerly: "Well, will our cow go?"

"No. Animals have no souls."

"Oh, then we'll have to go to hell for our milk."—Harper's Magazine.

Personals

Mrs. Clara W. Morrison and two children, Hugh and Kathleen, of East Broadway, are leaving Friday for a vacation at Catalina.

Dr. A. L. Bryant and family spent Labor Day at Santa Monica beach. Hugh Bryant is helping out at Shaver's Grocery this week.

Mr. and Mrs. Charles M. Cook, who are occupying one of the Kenwood Apartments, expect to leave for Pasadena in the near future.

Community Sing tonight at High School, at 7:45. Mr. Kirchoffer will be there to lead. Everybody requested to bring their song books.

J. H. Jackson and wife are over from Catalina for a few days to be with Miss Bertha before her departure for North Yakima, Wash., to spend the winter.

C. E. Russell and family have rented their home at 122 South Louise and have moved into their property at 1323 East Wilson avenue, intending to fix it up in first-class shape.

A. B. Heacock and family of 709 East Windsor Road expect to move about October 1st to the ranch of Dr. Munk, an uncle of Mrs. Heacock, a mile and a half southeast of Compton.

The residence property at 1731 Gardena avenue, owned by S. W. Hudson of Alhambra, has been sold, it is reported, to a Los Angeles man who is a book-keeper at the Bible Institute.

Mr. and Mrs. Thomas Meagher and daughter Geraldine enjoyed a very interesting motor trip to Santa Barbara where they were guests of Mr. and Mrs. A. J. McAdams, formerly of Glendale.

Mrs. George M. Clark of 332 West Colorado leave tomorrow for the East in the expectation of spending a couple of months visiting friends and relatives and making stops all along the way.

A.M. Jamgochian and family of 1905 South San Fernando Road are at home after a month at Ocean Park. Their son, recently discharged from service, has gone back to his regular work in his father's factory.

Rev. Ford, pastor of the First Baptist Church of Glendale, has returned from a pleasant outing at Switzer's Camp in the Sierra Madre Mountains and will occupy his pulpit next Sunday.

Dr. and Mrs. Vanderhoof, of Jackson and California avenue, left Tuesday for the east in the expectation of being gone until the holidays. Mr. and Mrs. Frank Parsons will occupy their home during their absence.

Dr. H. E. Sharp and family returned recently from an outing at Catalina. As the doctor had to make a hurried business trip to Santa Barbara he motored there Sunday, taking his family with him. They returned late Monday night and had an exceedingly pleasant journey.

Mrs. M. L. Anderson, 1450 East Colorado street, reports a peculiar experience. A few days ago an automobile containing five women passengers undertook to turn around by backing into her driveway, which is barred by a big gate. The gate was thoroughly smashed but neither the auto nor its occupants were hurt.

Miss May Wright of 124 West Doran street and Miss Corris Brown of 325 Mira Loma have just returned from a two weeks' outing at the Y. W. C. A. Camp Estelle, near Camp Baldy, in San Antonio Canyon. They had a delightful time and were there during the visit of Mrs. A. S. Chase, recently described in the Evening News. Miss Wright and Miss Brown are teachers in the L. A. public schools.

Teachers of the Tropico Presbyterian Sunday School held their monthly supper Wednesday evening in the banquet hall of the church, Mesdames Cullingsworth and Alexander being the hostesses who served the meal. There were no after-dinner speeches but instead a general discussion of the Sunday School Rally, which is to come off September 28th and a decision was reached to carry out the New Era plan for Sunday Schools.

Mr. and Mrs. S. R. Frazee and two children, Margaret and Robert, Mr. and Mrs. Blake Franklin and children, Donald, Isabel, John Blake and Josephine, motored to Lyons Springs for the week-end and Labor Day. A portion of the party returned Monday night, but John Blake, Robert and Donald were left for a further outing of two weeks. Donald has had bronchitis and the doctor has prescribed life in the open for his recuperation. The other boys are glad to share the dose.

Lieutenant and Mrs. Frank R. Mosher arrived this (Thursday) morning from Pensacola, Florida, where they have been for the past several months. Lieutenant Mosher has been in the Hydro-Aeroplane service since the entrance of the United States into the war, and just received orders for inactive service. They immediately started for California, and are very happy, indeed, to be back where the lawns are green and the air is cool. They are spending a few weeks with Mrs. S. J. Mosher, of Central avenue, mother of Frank.

A reception for Pastor Ford of the Baptist Church and his family is being planned for next week.

Mr. and Mrs. W. G. Lyman and family are moving from 433 Burchett street to 141 South Maryland Ave.

Dorothy Tauxe, daughter of Mr. and Mrs. George Tauxe of 119 East Park avenue, who has been quite ill of bronchial pneumonia for two weeks, is slowly recovering.

Mrs. Payne and daughter Frances will go to Bakersfield next Monday, Miss Frances having been engaged to teach in the new $100,000 school building recently erected there.

Hamilton Mercer, wife and daughters and Mrs. F. W. Lough of Pasadena, accompanied the latter's husband, Prof. Lough, to Glendale last night, for the address in Central Christian Church.

R. F. Kitterman, who recently came to Glendale from the East and bought an interest in the First National Bank, will move this week from 202 N. Louise to 311 N. Jackson, he having purchased the place from Mrs. Katherine Smith.

Fred West, a cousin of the bride, was a guest at the wedding of Miss Lois Duncan and John Cate Wednesday morning. When he returned to his home in Beaumont, Dr. Duncan accompanied him in the expectation of spending several days there.

Mrs. Rosalie Miller, of Fayette, Mo., is here for a few months' visit with Mrs. Guy Pearson, 722 E. Lomita Ave. She is State Treasurer of the Missouri W. C. T. U. and her strenuous work the past year has made it imperative that she take a long rest so she came to Glendale for that purpose.

Grenville E. Jones, son of Mr. and Mrs. M. L. Jones of 1133 South San Fernando Road, has just returned from France, and is visiting his parents. His service was in the Marine Corps, 13th Regiment. He is already in love with California, and it is hoped he will decide to settle here. St. Louis is his home city.

MERCHANTS NOT SO EASY

Some one has said that solicitors from outside points are in Glendale soliciting advertising to be used in connection with a book of Glendale city ordinances which these outsiders have promised to present free to the city of Glendale.

Advertising in an ordinance book which is referred to a very few times in a year is really of no value to the advertiser, and merchants and professional men have a sufficient financial drain upon their money tills without the city fathers turning loose a smooth tongued solicitor from Los Angeles to extract from them three or four times the cost of a book of ordinances printed without the advertising. Merchants who have been solicited thus far have not fallen to the plan and who would?

DETERMINED TO LIVE IN GLENDALE

C. J. Kerr, who has been assistant naval constructor in the U. S. Navy during the period of the war, at Bremerton Navy Yard, near Seattle, Wash., and had the difficult problem of housing the men rushed to man the new ships as they came from the construction yards, is so worn out with his work that he was granted a leave of absence for five months and he may conclude to retire. He came to Glendale with his wife because they had heard of its beauties and its equable climate, and had long wished to live here. Mr. Kerr has been in the navy for 15 years. He says he always gets what he goes after so he is sure he will find a house to occupy in Glendale.

RECOVERS FROM SERIOUS OPERATION

AN EFFECTIVE BREAK

A dusky doughboy, burdened under tons of medals and miles and miles of ribbons, service and wound chevrons, stars et al., encountered a 27th Division scrapper in Le Mans a few days prior to the division's departure for the States.

"Whar yo' all ben scrappin' in dis yar war, boss?" meekly inquired the colored soldier.

"Why, we've been fighting up in Belgium and Flanders with the British," replied the New Yorker, proudly.

"Well, we ben down in dem woods—watcha call 'em woods 'way down south."

"The Argonne?" suggested young Knickerbocker.

"Yas, yas, dem's de woods—d'Argonne."

"You know our division was the first to break the Hindenburg line, colored boy," explained the 27th man.

"Was it you wot did dat trick? Y'know boss, we felt dat ol' line sag 'way down in d'Argonne."—The Gas Attack.

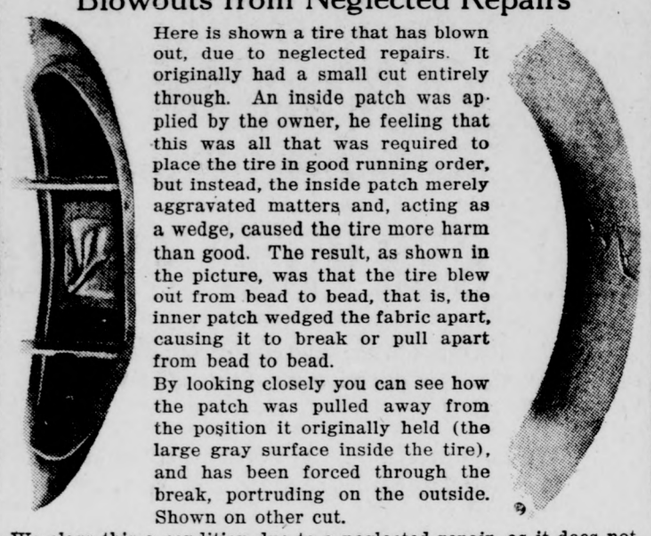
Common Causes of Tire Injury

Tips That Will Save You Dollars

By M. D. BIXBY

Los Angeles Branch Manager, B.F. Goodrich Rubber Co.

Blowouts from Neglected Repairs



Here is shown a tire that has blown out, due to neglected repairs. It originally had a small cut entirely through. An inside patch was applied by the owner, he feeling that this was all that was required to place the tire in good running order, but instead, the inside patch merely aggravated matters and, acting as a wedge, caused the tire more harm than good. The result, as shown in the picture, was that the tire blew out from bead to bead, that is, the inner patch wedged the fabric apart, causing it to break or pull apart from bead to bead.

By looking closely you can see how the patch was pulled away from the position it originally held (the large gray surface inside the tire), and has been forced through the break, portruding on the outside. Shown on other cut.

We class this a condition due to a neglected repair, as it does not follow from any weakness in the tire, but has resulted from the tire not receiving the proper attention when it was first cut.

An outside Emergency Band and inside Protection Patch will be found valuable auxiliaries until permanent repairs can be made on a tire that has been cut.

SAFETY FIRST

A nice old lady who was sitting on the porch of a summer hotel, where also there were a number of children, was approached by one of them with this query:

"Can you crack nuts?"

The old lady smiled and said: "No, my dear, I can't. I lost my teeth years ago."

"Then," said the boy, extending two hands full of English walnuts, "please hold these while I go and get some more."

Secret German War History At Last!

Ludendorff Will Tell It!

Throughout the war the world was kept in dense ignorance of the situation in the German Empire Even now a veil of dark mystery hangs over the whole conduct of war from the Berlin side.

This Veil Will Be Torn Aside in the Columns of The Examiner

General Ludendorff was the great menacing figure of Teutonic arms. It was he who directed the campaigns and in the latter days his voice rose even higher than the Kaiser's. When the crash came he broke with Hindenburg and the Kaiser, seized a mass of documents and records and fled to Sweden, where he commenced writing his revelations which now will be published in leading newspapers throughout the Allied countries.

It Is History. Lord Northcliffe Says Everybody in the British Empire Should Read Ludendorff's Confession. Every American Should Read it, Too!

In England, Ludendorff's book will be published serially in the Northcliffe newspapers; in Paris, in "Le Temps"; in the United States leading newspapers, including the New York World, the Boston Post, the Philadelphia Public Ledger, and the Chicago News will publish.

In Southern California the ONLY Newspaper That Will Publish it Will Be The Los Angeles Examiner

General Ludendorff's disclosures will be complete and will for the **first time reveal the full inside facts of Germany's sinister, ruthless and foredoomed attempt to dominate the world.**

It Is, Without Exception, The Most Momentous Feature Printed in Any Newspaper Since the Great War Began

Ludendorff's Expose Will Appear Daily in The Los Angeles Examiner Beginning Sunday, Sept. 7
